Lexicomp®

View a Drug's Status on an MTF Formulary

**MTF formularies are managed and powered by Lexicomp®,
a Wolters Kluwer Clinical Drug Information brand.**

Instructions for Beneficiaries:

Follow these **4 easy steps** to check if a particular drug is on your MTF's formulary. To help reduce extra time and effort in getting your prescription filled, be sure to let your doctor know once you've found the approved drug and dose. If you would prefer to access formulary information on your mobile device, log in to your formulary and click the mobile link at the bottom of the homepage for download instructions.

Instructions for External Providers:

Follow these **4 easy steps** to check if a particular drug is on a MTF formulary. This process is vital for ePrescribing, as it helps reduce extra time and phone calls when getting prescriptions filled. If you would prefer to access formulary information on your mobile device, log in to your formulary and click the mobile link at the bottom of the homepage for download instructions.

4 Easy Steps for Searching Your Formulary

1 Type the name of the drug into the search box

2 Click "Search"

Welcome to the Womack AMC Outpatient Formulary*

Limit Search to ▼

| Enter drug, disease, or other keyword | Search |

Wolters Kluwer
